

PROJECT OVERVIEW.

Client: NRL

Agency: Usual Suspects Creative

It was an action packed few days down at Martin Place in Sydney with the build up to the NRL Finals. SPACECUBE was fortunate to provide the structure for the Three-day Fan Fest activation, which pulled huge crowds down to mingle with players, while enjoying a range of fun activities. This is a fantastic example of how SPACECUBE can be used to create a standout brand activation or event within a bustling city or crowd.
